# Sector Communique

- Create investments across 6 countries for sustainable development
- Incentives to be promoted and uniformly implemented across the CT countries e.g. tax levies, subsidies, eco investments
- Guidelines for PPP Framework e.g. regional MPA fund
- Benchmarks/ Measures of success for business as well as markets/tourists or the greater public e.g. 'learning destinations'
- Engage IMO in systemizing structures
- Info/ Training/ Mgt Skills transfer to local partners/ communities
- Early engagement of oil & gas industries
- Urge organizations involved in offshore oil, gas and countries where they operated to adopt international best practice to minimize impacts on marine ecosystems
- Encourage CT6 states to strengthen national legislation and compliance and where necessary enact new laws to sustainably manage marine habitats within their EEZ
